****UPDATE**NOTICE**UPDATE**
PAVING REMAINDER OF EDWARDS RD.
WEDNESDAY, OCTOBER 5th

This year we will be completing the roadwork on the entire lengths of Young Road and Edwards Road.

Update 9/30/11 – Due to weather and equipment breakdowns the project will take longer than planned. Grading of the work area will not be completed until Monday October 3 or Tuesday October 4.

Young Road and Edwards Road will be closed to thru-traffic during the work day. Access to and from the subdivision area during the work day will be available from Beach Street and North Street. School buses, Fire and Police vehicles and the trash and recycling trucks will have access during the entire project. Residents can enter or leave the subdivision for access to their houses if needed, except for periods when the equipment is operating directly in front of houses where access into and from the driveway will not be possible. We estimate these periods to last ½ hour during the excavation and grinding phase and 1-1/2 to 2 hours during the paving phase. The roads will be opened to traffic at the end of each day after the day's work is finished. The normal work day will be from 7:00 AM to 4:00 PM.

Please plan your driving to avoid traffic delays.

We are also seeking your help to please keep your children away from the work site during the normal work day.

Please note that the schedule is dependent on weather and equipment breakdowns, and is subject to change.

We apologize for any inconvenience this work may cause you. Should you have any questions please call the Highway Department at 508-543-1228.
